For convenience, I have combined EPA's comments into the latest version that Greg sent out so that both NERT and EPA's comments are in one place.

Please find attached some suggested language to address NERT and EPA concerns about perchlorate orginating from NERT. I believe this is a good compromise.

All,
Please find the draft letter from NDEP to SNWA. Please provide any comments to me by Wednesday February 10th. After your review the NDEP will provide this to SNWA during internal discussions and then as a final letter.
Thank you,
