Thanks, JD. The Las Vegas Paving baseline schedule that would be shared and meeting between all parties that Zach mentions in his email all refers to the meeting last week, correct?

Alison,
This is the 8/24/17 e-mail I mentioned yesterday at the meeting from SNWA. We received the schedule mentioned below last Thursday.
JD

Andy,
No sooner than a January 1, 2018 pumping date seems like a ***reasonable*** target; however, as indicated in your email, SNWA can make no such commitment until we (SNWA) receive a baseline schedule from Las Vegas Paving Corp. (pending SNWA Contractor). Rest assured, once SNWA issues limited notice to proceed and receives an approved baseline schedule from Las Vegas Paving Corp., SNWA will not only share baseline schedule with NDEP and NERT, but also initiate a meeting between all parties to discuss anticipated milestone dates.

Thanks,

Zach:

Good morning.

I echo JD's email - seeing as things tend to get crazy as the end of year approaches, I'd like to make sure we get a meeting on the calendar with LVP as soon as possible after they submit their initial schedule to SNWA as we discussed during our tour last week. Once you feel this can be coordinated, please reach out to us so we can line it up.

In addition, during our tour, it was indicated that the realistic earliest water treatment readiness date is January 1, 2018. Unless we hear otherwise from you, this remains our target. If you would like to discuss this, please feel free to call me directly.

Glad the project is moving forward!

Thank you,

Andrew W. Steinberg

Zach,

Thank you for sharing this with us, I am glad things are moving along as planned. I know LVP has completed some of the past projects.

After the SNWA Board Meeting on Sept 21st when it is official I would like to request a meeting with all parties involved with the Weir project to make sure we are all on the same page.
Congratulations!

JD

We are pleased to inform you that Las Vegas Paving Corp. was the low bidder for the subject Contract. Pending SNWA Board approval, we (SNWA) plan to issue limited notice to proceed on Thus, Sept. 21st. This means Las Vegas Paving Corp. may initiate mobilization and commence vegetation clearing as early as mid-October, with a completion slated for mid-2019. A few key contacts for the project includes the following:

- Don Bittle; Engineering Project Manager/Construction Manager; 702- 822-3383; donald.bittle@snwa.com
- Greg Perkins Lead Inspector; office: 702-822-3394, cell: 702-236-3766; gregory.perkins@snwa.com
- Zachary Hills; Engineer-of-Record; 702-875-7033; zach.hills@snwa.com

The three of us work closely to ensure this important project will run smoothly. Should you have any questions or concerns, please feel free to contact us.

Respectfully,

Zachary Hills
