RECORD OF COMMUNICATION	☑ PHONE CALL ☐ DISCUSS ☐ FIELD TRIP ☐ CONFERENCE ☐ OTHER (SPECIFY) (Record of item checked above)	
TO: Bob Stewart	FROM: Paul Trentham, Algeier & Martin	DATE 9/13/83 TIME

SUBJECT: Talbot Industries, Neosho...

SUMMARY OF COMMUNICATION

Paul explained that Talbot generated pickle liquor (K062). They wanted to mix it w/ high pH waste in tanks & discharge it to the city sewers. I told him that he would be exempt from 265 regs as long as he met the definition of a wastewater treatment tank. We agreed that he does – he will submit a new form for generator only and cover letter. He may also pursue delisting to avoid being a generator.

Betti – you need to send him a new form or return his old notif form if you haven't already. He will wait to hear from you before he submits the form & letter.
