Subject: Request for Merrimack Station AR document scans

Sharon,

We had a call with Mark Stein and Eric Nelson last Thursday regarding public comments on the PSNH Merrimack Station NPDES permit renewal. During that call, we identified two important documents that are missing from the administrative record (AR). Mark suggested that I contact you to make arrangements to have the two documents, AR-199 and AR-168, scanned and sent to us.

We are happy to pay for a service to scan the documents and we will share those scans so that they may be added to the AR.

Timing in important on this task because the comment period ends soon. Please let me know what I can do to make this task as easy as possible for you and your team.

Thank you,

Ken
