For our call this morning at 10:00 AM.

Here are items I can think of:

1. Hydro GP: pH, TSS
2. Ammonia WQBELs in permits
3. State law on 7Q10 – implications for permits
4. Time allowing, perhaps other specific permits - see attached chart of the NH permits we are or should be working on in FY2018

Good morning, Thelma. It was set up yesterday morning with George, for today 10-11. See attached. Let me know if that still works for you. ~Sterg

Hi Sterg,
Sorry so late in the day. Trying to schedule a call for tomorrow. How does 10:30 to 11:30 work for you and others?
I'll send a meeting invite and a call in number when I hear back from you.
Thanks,
Thelma
