Dear Colleagues

Please find the final notes from our workshop, which reflects all of your comments. We plan to load this on the *ARA* website later this week, along with all of the available presentations. Please feel free to distribute this report and presentations as needed, since all of this information is available to the public.

We will be meeting as a group later this week to determine the time and venue of the next workshop. Your interest in vetting additional case studies, either yours or those of colleagues, will be quite helpful in this deliberation. Please feel free to contact any of us with questions or comments.

Thanks again for your interest and support.

Sincerely,

James Bus, Exponent
