Okay, great. I just want to talk or meet one-on-one. How about I come to SF Wednesday afternoon September 12? Does 2pm work? We can set aside 2-4pm, but hopefully it doesn't take that long.

Jessica

Hi Jessica,

I am back in the office on Monday, September 10th and am free pretty much all day as well as open pretty much all of Wednesday, September 12th.

If there is an immediate need, please call Marcela, as she and I worked closely on the review.

Thanks,

Becky Mitschele

Hi Becky,

There are a couple things I'd like to discuss with you when you get back into the office next week. My questions are pretty minor and just to clarify where EPA is coming from, so I don't see any major obstacles to getting this wrapped up soon.

We can either set up a time for a call or if your schedule is up in the air, we can try to wing it. Monday is a holiday (yay). I'm free all day Tuesday and Friday; and I'm free Wednesday all day except 11am-noon.

Thanks!
Jessica

Subject: EPA Comments on Draft Oceanside NPDES Permit

Hi Jessica,

Please see attached for EPA comments regarding the draft Oceanside permit. This review includes comments from Kimbi, Marcela, Dave, and myself.

We highlighted in yellow sections/comments that may require elevation.

We were unclear about the purpose of a few requirements and would like to discuss:

1. wet weather operational requirements regarding when rains subsides (on page 21)
2. bypass prohibition and its relationship to the CSO policy
3. basis in the factsheet for documentation (and update of) the LTCP

Thanks,
Becky Mitschele
