Mike,
This is a basic briefing for you on the Rosemont mine proposal, and as needed, could be rescheduled. The reason we have it on your calendar next week is that HudBay, the owner, has already met with senior EPA HQ executives, and is seeking an introductory meeting with you. I have not yet scheduled that meeting.
The next step in the mine application is for the outgoing Corps of Engineers Pacific Division Commander, Gen. Helmlinger, to make a decision about the permit, which he estimates for October. The Corps has had ample input from us and other agencies on this matter. The mine is proposed for an area in So. Arizona.
Alexis

Alexis,
I thought that this was cancelled – and I did get a cancellation notice. Subsequent to that, this email came. Can I assume that the briefing is NOT happening?
