Subject: RE: EPA Comments on Draft Oceanside NPDES Permit

Thanks Becky! I reviewed it really quickly and don't see any major sticking points. Hopefully we can finalize it soon.

Best,
Jessica

Subject: EPA Comments on Draft Oceanside NPDES Permit

Hi Jessica,

Please see attached for EPA comments regarding the draft Oceanside permit. This review includes comments from Kimbi, Marcela, Dave, and myself.

We highlighted in yellow sections/comments that may require elevation.

We were unclear about the purpose of a few requirements and would like to discuss:

1. wet weather operational requirements regarding when rains subsides (on page 21)
2. bypass prohibition and its relationship to the CSO policy
3. basis in the factsheet for documentation (and update of) the LTCP

Thanks,
Becky Mitschele
