Re: C & R Plating, Inc.
EPA Docket No. RCRA-07-2007-0003

Dear Mr. Andreasen:

This letter memorializes the thirty (30) day extension provided by the Environmental Protection Agency (EPA) to C & R Plating for submitting the Final Supplemental Environmental Project (SEP) Report. Pursuant to Paragraph 46 of the Consent Agreement and Final Order (CAFO) filed March 30, 2007, the Final SEP Report is due within thirty (30) days of the effective date of the CAFO. As such, the Final SEP Report is now due sixty (60) days after the effective date of the CAFO. This extension does not apply to any penalty payments.

If the Final SEP Report is not received within sixty (60) days of the effective date of the CAFO, the stipulated penalties described in Paragraph 51 of the CAFO will be assessed.

If you have any questions or concerns, please contact me at (913) 551-7110.

Sincerely,

Kelley Hickman
