Hi Bill,

Under "What's New" please remove the first paragraph and add the language and link to the Silver Bow Creek/Butte Area website.

Community involvement plays an important role in the Superfund process. EPA uses a number of different tools and resources to promote effective, on-going, meaningful community involvement. One such tool is a Community Involvement Plan. The updated Community Involvement Plan is now available at CTEC, EPAs Butte Office, and the Administrative Record.

Thanks

Nikia Greene
