Subject: RE: FW: F.J. Doyle

We are available between 10AM and 12PM on October 5th. Do you have time then?

Thanks,
Emily

Yes, we would like to be able to have some health-related information regarding this. Would Oct. 4 or 5 work during the morning hours?

Thank you,

Brad Maxwell

Thank you for the information. At some point in the near future, would it be possible for us to meet? I would like to include our daycare director as well as our campus principals since they will be asked questions regarding this since all of our campuses are adjacent to this property or within one block. We do appreciate your assistance with this.

> Mr. Maxell/Johnson:

I took the liberty of taking a shot a drafting a letter for your school. I have the Texas Department of State Health Services also looking at it to provide some specific health related information. Her contact information is listed on the letter. Please modify this as is appropriate for you parents/teachers. Let us know what additional assistance you may need to help facilitate this.

Thanks

Gary Moore

Emily:

I put together a simple letter to the parents for the LISD. Can you look at it and provide some health related information? And give comments. We can then pass this on to the LISD and see how they want to approach this. The contact for the other EPA OSC that is working with me is:

Paige Delgado

delgado.paige@epa.gov

469.371.2529

thanks
