I was on the original list. I asked Henry and Steve to look into it

Strange And when Walter forwarded the email to me the date stamp disappeared on his original and the one he forwarded.

The attachment was a forwarded email from Mike Boufis. It looks as though Mike sent it to the group I sent the meeting notes to last week, but he left my name off.

Hopefully you got it.

I will forward again.

Doug

Hi Jim

Do you know whether the data is validated?

I know we had promised to get validated data out within a given timeframe. I wouldn't be surprised if we are still within the timeframe....it would certainly be nice if we were.
