Subject: RE: CSIA Report
Attachments: removed.txt

Jim,
I believe we agreed to have the EPA expert review it and comment.

Stan Carey, Superintendent
Massapequa Water District

Subject: CSIA Report

One of the outcomes from the May 10 quarterly meeting was an invitation for all of the participants to comment on the CSIA report. I have only received comments from the Navy so far. Do any of the rest of you intend on sending comments? Attached is the report that I had previously provided. Thanks Jim H

Subject: Round 2 Radium Sampling

I indicated at the coordination meeting last week that we expected to receive the data from the second round of the radium sampling this week. While we received some of the data late last week, the lab informed us today that they have a huge backlog and the remainder will not be sent until 5/24. We will share as soon as it is received and put on one table. I an informed that only one of the samples received so far have exceeded 5pCi/l. Please share this information with your consultants if you are so inclined. Jim H
