Hi Ed

I picked up your voicemail regarding contacts for TSCA reviews of planned work at Northrop Grumman for PCB-contaminated soils.

You should coordinate with Jim Haklar (copied here) through Carol. It may be helpful for the three of you to get on a call together for some initial coordination. If you would like that let us know your availability and Carol can check in with Jim on his availability.

Of course feel free to contact me if you need my input on this or anything else.

Doug
