Nope, Keith just wanted to make sure that we briefed Susan/Larry about the request because the OP AA wanted to support/encourage the uptier and Keith didn't want them to reach out to Susan and have her unaware.

I thought they needed something from Susan.

As far as I know there is no next step. We requested the uptier through Keith at the RSC and OAQPS is considering it. From the last workgroup meeting we had, it sounded like the workgroup chair was expecting that the request would be granted because they were prepping an Options Selection briefing.

Marcia,

I won't be able to call in to your meeting at 5pm, but Rick is available I need to leave the office in order to get home for a 7:15 appointment tonight. It took me 2 hours to get in this morning so I am assuming it will take the same to get home.

I met with John this afternoon and he has asked if we could put a list of the "ADP process fouls" we have seen most recently. Could you work with staff in the Air Branch to pull the list together? He would like that as soon as we can get it to him.

He also let us know that he spoke with Larry about "Up-Tiering" the Once In, Always In rule and they are supportive in the front office. I don't know what you need to do, but please work with Keith Bartlett on that.

Thanks!
