Marcia,

Yes. We would have needed to consult her on the disclaimer.

Thanks.

Maria

Hold tight on the disclaimer. I have a call into Amy branning to see if she thinks we need one.

Marcia,

We don't have an OIAI AD on this update. John did share with me the attached OAR memo on OIAI. This is very unfortunate.

This would have an impact on all ADs on ADI, so we could want to add a disclaimer. I can draft one for your review.

Thanks.

Maria

Maria,
Were any of the MACT AD for this update related to OIAI? Thanks.

Rob,

R7 has responded that they have no issues on their two ADs. So, we only a response from R9. I send Matt Salazar an email (attached).

Subject: FRN update -regional input

Rob/Marcia,

At this time, I have received responses from Regions 1, 3, 4, 5, 6, 8 and 10. Region 2 does not have an AD. As you know, Region 4 was the only region to highlight an issue on an AD regarding a method included in the asbestos rule, which is cross referenced in a R5 AD letter/abstract, which John Cox is addressing.

So, I still need to her from Regions 7 and 9, but I have follow up with an individual email that also included the actual AD letter to facilitate their review.
