GM Sara!

I'll be working on this today and will get back to you if I have any questions—received your voicemail as well!

Laurice,

As I noted in my voicemail just now, here is the final version of the guidance memo to be prepped for Susan's joint signature with the OAR AA. Susan is signing first. Let me know if you have questions or need anything else. Thanks.

Cari,

As you may recall, OAQPS wanted one more chance to review the final signature version of the MM2A Guidance for Referencing the 2018 Wehrum Reclassification Memorandum in MACT ADs. I provided the latest version you provided to us on 11/14/18 to OAQPS' front office for review on 11/19/18 (attached). The only change I made (at OAQPS' request) was to remove the OAR cc that you had added as they don't normally cc anyone in their office when they are signing a memo.

I've forwarded the message below noting that they have now completed their review without requesting any further changes and are ready for us to resume the process of preparing the document for Susan's signature. I can have our office put the letter into a signature package, if that's the next step. Let me know what you need. Thanks.

Sara,

Bill W. is good with this. I think the plan was for Susan to sign first and then the package would come to Bill for his signature?

Per Bill Lamason's request, here is the version of the guidance document OECA has prepared for Susan Bodine's signature. Please let me know if you have questions or need additional information. Thanks.
