Rob/Sara,

Laurice was searching for the file when I came in yesterday morning. I added the correct Buck slip and gave Laurice the package as directed I don't know what the status is now. She is out today because of the weather. Is it ready to move forward now? I am not in the office tomorrow as it is my CWD. Rick and Chad are not in either Is there someone else that can work with Laurice on getting it down to the IO?

Martha

No, as I am on travel and am unaware if Martha has asked Laurice to have the memo put into final form so we would be ready to move forward once we got the green light.

Also, if I recall from previous e-mails, OAR does not want any OAR cc's. So, Cari had added Clint to the cc list which would need to come off when finalized.

I have cc'd Martha and Rick (as well as Marcia but she is likely working remotely today) to help you get this done.

I think Martha's at an all-day meeting at Potomac Yards, so may not have access to the "final" version of the guidance that was going forward to Susan for signature. Do you have a copy I can send over to OAQPS? Thanks.

A quick update. If OECA can send to Josh Lewis or David Harlow (and copy the other) and copy Kevin Culligan, our OAQPS WOPS acting director, that should hopefully expedite the process. Please copy me as well so I can help Kevin/Josh with the OAR IO review. Thanks!

Martha and Sara – Almost there.

1) Good news, the OAQPS communications folks have cleared us for signature. They'll need notice of signature.
2) Mixed news, the OAR has no issue with who signs first – but wants to see the final version OECA is prepared to sign before signature starts. Can OECA IO provide final version to Josh Lewis for them to review. David Harlow may look at it since he saw the version Patrick send over before the latest OGC review. It would be faster if the OECA HQ staff handled but we can route from down here if that is an issue for OECA.
3) Distribution – will OECA handle? Regardless, our reg person (Janet Eck) indicated we need a PDF of the signed copy and the Word file.

Call Debra or me if you have any questions and thanks!

Sara,

Yes. Still on hold. Checking with our communications folks and need to connect with our Washington Operations acting director, Kevin Culligan. Also our DD is out of pocket en route from the public hearing in Denver yesterday along with a key communications person. Thanks for checking.

I just heard from OAQPS that they have a communications hold on the memo at the moment and the folks they need to talk to are tied up with a public hearing in Colorado today. They've asked us to hold off on having Susan sign the memo for a day or two. The contact there for follow up is Bill Lamason. Please let me know if you need anything else. Thanks.

I had added Clint as a cc, but we can remove if OAR doesn't want to include him as a cc.

Hi Cari,

Thanks for sending. We will finalize this version and bring back down for Susan's signature. But before we do, we will check once again with OAR if they would like any additional cc's, including Mandy. We had asked them before regarding the appropriate cc's but I don't believe we received a response specific to that inquiry.

Sara – Please reach out to your contact (Debra Dalcher) and confirm whether there should be any additional OAR ccs.

Thanks.

Rob

Rob,

This is the version. Should we also include Mandy in the ccs?
