Sara I believe Rob may be working off site today. So, in the interest of time, I passed the "package" on to Rick Duffy for review and approval.

Rob,

Are you in the office today, or should the package go straight to Rick and Martha? Thanks.

Essentially, all as presented, with one syntax issue in the first paragraph. See boldened, underlined, 2nd sentence; acronym spell-outs; and mechanics, are in tact.

A copy of the Memorandum from Wehrum and the Once-In-Always-In Policy would be the expected "packaging" protocol to forward this to the front office. In short, if you have a copy of the footnotes I could append, this would "round this out!"

Laurice,

I assume the edits were just formatting it into the appropriate memo style? And now the package will be delivered to the front office? Let me know if you need anything from me. Thanks.
