Do you know if Bill has seen it yet?

I do not think there is any urgency on OECA's part but Debra Dalcher of OAR, on Tuesday, had asked about status and whether the "package has moved to Bill Wehrum yet." So, OAR may be looking to get it out sooner rather than later.

Rob,

Is there any urgency getting this out today or could it wait until the new year?

Cari,

Thanks for letting us know. Sorry for any confusion regarding where the memo has been in the management chain.

The only change was to remove the OAR "cc" since they do not include and asked us to remove.

This is now in the IO. Did you make any changes since the version I sent you?

Rob,

Who did they bring it to in the IO? We haven't seen it.

Hi all,

OC/MAMPD brought the referenced final package/guidance memo down for Susan's signature at the end of last week. OAR is already asking for status and when it will be sent over for Bill's signature. Do you have any update we can share with them?

Thanks.

Rob

Yes, I believe we had gotten the original package back a while ago.

Sara,

Did you take the original package back?

Thanks,

Cari and Ethel,

I hadn't heard back on my message below from last week, but just wanted to let you know the final memo package should be coming your way for Susan's signature soon. Let me know if you need anything else. Thanks.

Cari,

As you may recall, OAQPS wanted one more chance to review the final signature version of the MM2A Guidance for Referencing the 2018 Wehrum Reclassification Memorandum in MACT ADs. I provided the latest version you provided to us on 11/14/18 to OAQPS' front office for review on 11/19/18 (attached). The only change I made (at OAQPS' request) was to remove the OAR cc that you had added as they don't normally cc anyone in their office when they are signing a memo.

I've forwarded the message below noting that they have now completed their review without requesting any further changes and are ready for us to resume the process of preparing the document for Susan's signature. I can have our office put the letter into a signature package, if that's the next step. Let me know what you need. Thanks.

Sara,

Bill W. is good with this. I think the plan was for Susan to sign first and then the package would come to Bill for his signature?

Per Bill Lamason's request, here is the version of the guidance document OECA has prepared for Susan Bodine's signature. Please let me know if you have questions or need additional information. Thanks.
