Not to mention that they stayed in good spirits throughout! And the same goes for our intra-agency partners -- an all-around fantastic team!

Hi Eric,

Thank you so much for sending these files. I have reviewed and have no further comments/edits. This will wrap up the informal interagency review. As a courtesy, I will share the clean and redline version of the PFAS Action Plan with our interagency colleagues in the morning.

It was a pleasure working with you and your team during this review. Thank you to you and your colleagues across the agency for all of the hard work and dedication to this review and working collaboratively with the interagency group. I hope we are able to collaborate more on future initiatives.

Best,
Danielle

Thanks,

Danielle:
Thank you for coordinating Inter Agency Review of the PFAS Action Plan and for providing Final OMB edits. We have reviewed and incorporated the OMB final edits into the PFAS action plan. The only edit where we modified the proposed OMB language was to page 4, our colleagues in the Office of Chemical Safety and Pollution Prevention had alternative language to clarify the Deliberative Process / Ex. 5 that is in the attached documents. We have also incorporated a few non-substantial technical edits or typos and formatting corrections that we identified in our document QA review that we performed concurrent with your review today.

To facilitate your review and clearance we are providing:

- A redline document comparing the 12/13/18 EPA version of the plan to the draft final plan (denoting all the modifications over Inter Agency Review.
- A redline document comparing the 2/10/19 EPA version of the plan to the draft final plan (We have added highlighting to identify four edits highlighted green – these are either the EPA suggested alternative language on the Deliberative Process / Ex. 5 or the the technical edits we alerted you to. OMB edits are highlighted red. The formatting/typo corrections are not highlighted (just redlined).
- A clean version of the draft final plan revised document.

Thank you for all of the work you and your OMB colleagues have done to coordinate review and improve this Action Plan. If you should have any questions please do not

hesitate to contact me on my cell phone Personal Phone / Ex. 6 (I promise to keep it with me this evening).
