Lawrence

Well, at least for a little while. When I end up leaving the agency, then I will be restricted in my post-employment work. However, please feel free to restrict my access to this site, or give me limited access, as you feel is appropriate. I will withhold opening up your next email until you advise.

Like you, I agree that high level decisions hinge on whether we have sufficient toxicology data for regulatory findings. The fact that the UK committee on toxicology had issues with our AUC analysis should give us pause (see attachment, item 20). I raised a question Deliberative Process / Ex. 5 in the development of the OW HA during the OW's PFOA briefing to OCSPP, and would like to see this resolved. Other items on PFOA strategy are not as likely in my bailiwick.

Cheers!

Michael…

From this, then I'll presume that you'll be staying with EPA for a while? I look forward to your involvement with PFAS, and will give you full access to the sharepoint site. Let me know if there is anything there to which you don't have access.

There are high level decisions that need to be made that hinge entirely on whether there is sufficient tox data for regulatory findings. I'm happy to provide you background on the Committee's progress or bounce ideas around anytime you would find that helpful.

Thanks,
Lawrence

Dear Mr. Martin

Would you please give me access to this account to review the meeting notes, or perhaps call me to step me through the sign on process. I would also like to join the toxicity subcommittee. I will send you comments on the straw man shortly.

Cheers!

> - Provide initial feedback on the draft strawman PFAS Action Agenda. Including actions in the strawman commits us to considering them for inclusion in the final Action Agenda. If included in the Action Agenda the commitment would be to complete the action within a deadline of 6 months, 12 months, or by the end of 2019. (Deadline: 12/13/2017)
> - Please also list additional items that are needed or you believe possible that may fall within another office (ex. regional offices recommending specific actions based on work at the state/regional level) (Deadline: 12/13/2017)
> - Participate in topic specific meetings (Toxicity meeting 12/12; meeting invites will follow for other specific topics) (topic specific meetings to be completed by 1/5/18)

Draft Schedule

- ~~Chairs (OW/OSA) create strawman~~ *-completed*
- ~~Meet with Coordinating Committee (12/11/2017~~)*-completed*
- Coordinating Committee Members and POCs provide initial input on candidate action list (12/13/2017)
- Meeting(s) to discuss Coordinating Committee input on near term actions (meetings to be held by 1/5/18)
- CC meets to discuss proposed Action Agenda (1/9/18)
- Comments on draft Action Agenda (1/12/18)
- Final submitted January 19, 2018
