Of course! Not many details right now other than the emphasis on the GAO report, but I will keep y'all in the loop with anything else we find out. We are meeting with Jennifer today at 1:30p to go over what she needs for the next week in preparation. I will be sure to include OCSPP in any prep event that is scheduled and in the testimony review.

Travis,
Can we learn more about the IRIS hearing? We are hearing Jennifer is on a panel with GAO. We may have some equities here as the GAO report covered IRIS and TSCA.

both and the preparation has begun on testimony and hearing prep activities. I will be back in touch as we finalize the hearing prep schedule in case you are requested to attend a mock hearing for the witness or help with any questions/background information.

EPA Witness: Jennifer Orme-Zavaleta, Principal Deputy Assistant Administrator for Science (ORD)

3/28 10am – Senate Environment and Public Works – PFAS

If there are others not listed on this email that need to be included please let us know or forward it along. Let Joe or I know if you have any other questions or concerns.
