Hi Nahal

Here is the embargoed report. We should not distribute it beyond EPA until after the conference.

I have not seen a news alert, but Greg is in touch with the CSB investigator and hopefully he can get a copy to forward.

I expect that the city, cal osha and scaqmd will be there. Though only CSB will speak.

See you tomorrow

Hi Mark

Could you send the report again. It does not seem to have made it over the ether.
