Subject: Re: Falcon Refinery

Item 1 Jonathan will pre pay some funds tomorrow for the disposal for the bottoms that are in containers from Tank 7 to US Ecology. US Ecology now says it will be July before they can start receiving any volume.. We have scheduled a meeting with Miller for Wednesday next week in Ingleside to see if we can get the removal any sooner and go over an execution plan.

Item 2. Tricore is working on with the TCEQ on getting the plan approved for Irrigation of the water in Tank 12
