Ok. There's strength in numbers. I'll send a note to everyone you mentioned. I'll also resend the protocol and include my comments.

Randy... suspect that you can include all of us here... Clint, Roger, Chris, James, and I. At least 2 of us will join... maybe all.

Subject: USG CTDMPlus Call

Hi George,

FYI, I'm going to be scheduling a call with Jeff Bennett (Barr Engineering) sometime next week to discuss use of CTDMPlus with USG-Redwing. Steve Perry will be participating along with Dan Schaufelberger from our enforcement section. Someone from AQMG is certainly welcome to join if interested/available. I have some comments on their protocol that I will be sharing with Jeff.
