Randy,

I was hopeful to have the input files and "cook book" to you before now. However, we are still working on the latter as one of the guys that was working on this with me took a nice, long vacation from the upper Midwest winter in late April / early May. I will have a better idea about the schedule some time next week and I will plan to call you then. Thanks for checking in.

Jeff

Hi Jeff,

Just checking in on the CTDMPlus input file information transfer. Any thoughts on a potential schedule?

Thanks, Randy
