Subject: RE: Sen. Daines site visit to Anaconda this weekend

Hi Bill,

Is there a contact list for the RPM's that includes their cell phones, for those that have them? It would be helpful to have that information should we need to get a hold of them while out in the field. Unless we should just work through their you all. Some CIC's have the RPM's cell phone numbers but we don't have all of them.

Let me know.

All,

Charlie called me back to say that ARCO is fine with providing access for the tour. He thinks about 1 ½ to 2 hours should be enough time. He'd like to start no earlier than mid-morning since he'll be driving over from Helena. Since Doug will be with him tomorrow, they can coordinate face-to-face on logistics. Best way to reach Charlie is voice or text on his cell: (406)459-1791.

Bill

Hi All…Bill just heard back from Charlie. Charlie is available on Saturday and willing to lead a tour of Anaconda. He is checking with AR to make sure he'll be able to access the different parts of the site. He did mention that there is a 90% chance of rain on Saturday but I don't think that should stop them…it just might be muddy.

All,
Doug just stopped by my office and stated that if no one from EPA is available, then we should reschedule. He does NOT want anyone called off vacation for this event.

Over to you all.

Best regards,

Andrew

Completely agree! That's why we've been pinging everyone☺ If we don't have someone available I'm good with pushing back but now that they've reached out directly to Doug I'm not sure I'm in a position to stop that train. Let us know. Thanks, Libby

Hey Libby – This is really last minute and a Saturday…just saying! Joe is on vacation this week. We have a call in to Charlie Coleman, Anaconda RPM. I'll get back to you as soon as we have determined an EPR attendee.

Betsy

Subject: FW: Sen. Daines site visit to Anaconda this weekend
Importance: High

Hi Betsy,

We have a bit of a rushed request for EPR regarding a Senator Daines interest in a Anaconda Site tour this Saturday. We have yet to hear back from anyone. Doug was going to extend his travel to Montana to be on the tour as well. The Senator's staff has now reached out directly to Doug to coordinate tour even though we've not confirmed nor heard from EPR as to who can be available to provide the site tour on Saturday. Do we need to discuss this? The train is leaving the station with no one from EPR on board at this point☺

Sincerely, Libby
