Doug,
Looks like EPA will be responsible for overseeing activities at the Electrolux Jefferson Iowa facility since IDNR gave us a verbal notice that they will be denying your application.

Given that Jefferson Muni wells recently got a DCE hit and DCE is a contaminant at the Electrolux facility (may or may not be from the Electrolux facility), we need to get a path forward rather quickly. A soil removal and at least two new monitoring wells need to be installed.

Please call me so we can discuss.
