Attachments: 08-2023308 2003 cancer study.pdf; Web_Ready_HTML_Deletion_list_508.pdf

I attached the cancer study. I couldn't find #2. I checked all the entries between 2006 and 2009. I saw a budget request from CDPHE in 2006 but nothing more. The ATSDR Health Assessment ID is 2008610 and dated 2003-08-12. It was not scanned because it was a permanently bound document. ATSDR instructions for archived documents are:

> *Beginning in January 2017, ATSDR will begin to take steps to streamline our website. As a result, Public Health Assessments (PHAs) and Health Consultations (HCs) preceding 2004 will no longer be available on our website. A list of documents that have been removed can be found in the "Archive documents" pdf below. To access PHAs and HCs published before October 1, 2004, please send a request to the ATSDR Records Center by phone: 770-488-0707 or email: ATSDRRecordsCenter@cdc.gov. We apologize for any inconvenience.*

The ATSDR website is https://www.atsdr.cdc.gov/HAC/PHA/HCPHA.asp?State=%27CO%27. I attached the list of archived documents.

I'll look for the documents. The map is about 27 MB which is too big to send by email. Between 1:30 and 2 I'll go get a coffee. Et me know if you'll like one.

Also, do you have an electronic map of all of the properties that were cleaned up? Mary asked for that as well.

Subject: A few documents

Hi Jesse. I'm locked out of SEMS and probably couldn't find the following documents anyway. I'm looking for the following to send to Mary Hernandez, per her request at our interview. She's asked me for them a couple of times since on email:

1. State of Colorado Cancer Study for VB/I-70
2. Report from the state of Colorado blood lead and arsenic testing of children in VB/I-70
3. ATSDR Final Health Assessment (I can only find the draft from 2002 in the AR. I'm looking for the final from 2003).

Do you mind looking in SEMS and seeing if any of these are there?

Thank you!
-jc
