Good Morning Jennifer,
Attached is doc #2005189 that you requested. It appears to be a ROD. Let me know if any other document catches your eyes.

Rodney, thank you so much.

Could you pull the following from that list? I'm hoping it's the Administrative Record for OU1…

Thank you so very much Rodney. I hate to ask, but could you do the same search, but for 2003?

Hi Jennifer,
Attached is an index of all OU1 2002 documents for the Vasquez Blvd site. Please review to see if the Administrative Record is on the index. The index is in date order also.

Thanks,

Hi. I'm sorry, but I'm not sure who in the Records Center works with VB/I-70 Superfund Site records. Is it one of you! If so, could you please try to find the Administrative Record for Operable Unit 1? We would have produced that about 2002, give or take a year. If there is any way you could look before our community meeting tonight, that would be super helpful!! Also, if it's someone other than you, could you please let me know who that is, or forward this to them?

Thanks very much,
-jc
