Ryan – I haven't heard anything about a release. Please give Mike a call and see what happened and if there is anything we should follow up on. We would need to coordinate with IDEM as well. Not sure if there is a violation of the existing CD?

Kevin/Pat: Mike Beslow is looking for the person assigned to a release from a permitted outfall. I assume this went to one of your Branches. Can you please have someone get back to Mike?

Thanks.

Tom

Good morning Thomas-
Were you referred a release from a permitted NPDES permitted outfall at Arcelor Mittal IN Harbor earlier this week? If yes, could you please have the person assigned contact me to discuss (I was one of the responders)? If someone has not been assigned, is there someone I could discuss this case with?
Thank you,

Mike Beslow
