Isaac/Brent

Thanks for connecting with Sonja. She called to let me know that the info was helpful in better understanding the CORMIX modeling.

I think that all she needs from y'all now is the stuff I summarized in my Tues (4/22) evening email.

Thanks

K

Isaac:

Kay was just here. LDEQ (Sonja?) needs to talk to you on how you came up with the TRC limit for the LOOP facility.

Takk,
