Subject: Due noon Monday, May 13th - Need help with CO and ND midyear papers

<!--[if lte mso 15 || CheckWebRef]-->

Fallon, Gail has shared OneDrive for Business files with you. To view them, click the links below.

CO 19 MidYear Brief.docx

ND 19 MidYear Brief.docx

<!--[endif]-->

All – I need some help updating our mid-year briefing papers. Please see assignments below and provide your input by noon Monday, May 13th. Patrick, I decided to have you provide some input after all since I won't be here tomorrow or Friday. I'll forward the meeting invites to a few of you that I would like to have participate; sorry I didn't do that sooner and just let me know if you have a schedule conflict so I can plan to cover the particular issues.

CO MONITORING

5-Year Network Assessment Due Next Year - Gail copied input used for WY.
Lead Monitoring Issue for Annual Monitoring Network Plan - **Richard**
Requests from Ramboll for Monitoring Documents - **Richard**
Photochemical Assessment Monitoring Station (PAMS) Enhanced Monitoring Planning - **Richard**

CO PERMITTING

Electronic Permit System (EPS) - **Patrick**
Suncor Title V Update from CDPHE – **DJ** (Something short as we expect CO to lead)
Title V Program Review - **DJ**
Reg 3 Post-Construction Permit Issuance from CDPHE - **DJ**
Reg 7/Gen 5 Voluntary Permits – **DJ**
Southern Ute Indian Tribe Capacity Building - **Claudia**

ND MONITORING

Kudos - **Albion**
5-Year Network Assessment Due Next Year - Gail copied input used for WY.

ND PERMITTING

Electronic Permit System (EPS) – **Patrick** (use same as for CO paper)
Coyote Station Update from North Dakota DEQ – **Patrick** (Something short as we expect ND to lead; can be background vs. talking points)
Update on Potential Thunder Butte Refinery Application - **DJ**
Oil and Gas Combustor Efficiency – **Claudia** (I meant to also include for CO but was late in getting it in before Monica sent to CO for review so we might end up just sharing impromptu both what we have been discussing with ND and anything else that is pertinent for CO)

For future reference, you can find the mid-year documents by going to the 8ARD SharePoint site at "All Active Sub-Sites" and then looking in alphabetical order for "Mid-Year Documents". Here is the link to that document set which has separate folders for each year: Mid-Year Documents

For this effort, please be sure you are editing the paper (attached) and not one of the agendas.

Gail Fallon
