Great. Thanks David. Sounds like you'all are prepared. I wanted to avoid you getting ambushed at last minute.

Thanks Scott. I am involved in both. HQ is getting us a write up on the OCS general permit challenge (they are already preparing one for their front office anyway and they said it should be finished this week). The program has a cooperatively developed write up for LOOP. I handle the LOOP water permitting issues, Tina Alvarado handles the LOOP cross-cutting issues, and Bruce Jones handles the LOOP air issues.

Renea and David,

Please read below from Jim. I just wanted to provide a heads-up that the following are on the agenda for discussion with Matt Leopold – General Counsel for April 20:

Gulf Deepwater LOOP facility permitting

Gulf Outer Continental Shelf permit challenge

Are you both involved with these permitting matters?

Scott

Subject: Matt L visit to R6 on Apr 20 aft

Update - for next Friday April 20, **GC Matt Leopold is scheduled to be in the region in the afternoon for about 1.5 hours, probably 1:15 to 2:45pm.**

Background is that I plan to give Matt a ride to R6 after Anne's 12:15-12:45pm keynote at Earth

Day legal session. And he'll need to leave R6 in time for a 5pm or so flight from DFW.

Richard Albores/OGC is helping to coordinate Matt's visit, and he has ok'd the draft agenda below, which we can shorten into a 1.5-hour period.

Ben is helping gather background papers for sending to Richard A by end of this week.

Thanks to all involved.

DRAFT AGENDA FOR REGION 6 VISIT

15 min Welcome to Region 6. Short tour including of RA area and Emergency Operations Center.

30 min ORC6 Management Meeting w Matt

15 min Break for email, etc.

30 min Hurricane Harvey response

30 min Short Informational Sessions

Gulf Deepwater LOOP facility permitting

Gulf Outer Continental Shelf permit challenge

Tribal matter under Clean Air Act in Oklahoma
