Subject: Chemical fire date?

Hi David,

Hope you're well. I'm reporter with Houston Chronicle writing a follow-up story on the Deer Park fire and I wanted to put it into context. I wanted to check to see if the EPA has any data about how common chemical fires are both at plants and at storage facilities or terminals? Or do you know where I might go to find that information? My deadline is tomorrow.

Thanks so much!
Marissa Luck
