Hi Ed and Matt,

Thank you for your data submission. I'm hopeful that the data we've received will go a long way in helping us through the TMDL effort. We will reach out with any questions after we've reviewed the data.

Thank you,

Jillian Adair

Subject: DOEE response to the data solicitation notice for revising the Anacostia River's trash TMDL

Hi Jillian,

This is DOEE's response to the recent EPA data solicitation notice in support of revising total maximum daily loads for debris, floatables, and trash in the Anacostia River Watershed. For over a decade, DOEE has been collecting data from various sources on trash in the Anacostia River and its watershed.

The attached cover letter explains the data from each of these sources. Here is a link to an Office 365 shared folder, which contains all of our data.

Matt Robinson has lead the effort in collating this data from the various different sources. If you have any questions, please reach out to Matt, who is in DOEE's Watershed Protection Division, Partnering & Environmental Conservation Branch, at matthew.robinson@dc.gov (202)442-3204.

We hope you find this helpful to the next steps in the TMDL process.
