Subject: RE: A couple of quick updates needed

Cathy has an RA hot issues meeting tomorrow. I need to make sure I have the most recent status for these items. Can you just put a note with any updates or corrections below each item and I can follow up with you if needed? If we are missing something please add! Thank you. Kate

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

- Anacostia Trash TMDL- PN closed (when). We received (?) comments. We are analyzing?
    - In response to an adverse court decision in March, 2018, EPA, MD and DC agreed to develop replacement TMDLs for trash in the Anacostia watershed in cooperation. On August 24, 2018, EPA published a solicitation for trash data within the Anacostia watershed in the federal register and accepted data through October 23, 2018. The data solicitation was shared on the jurisdictions' websites and with relevant stakeholders. Data was received by 7 parties, including among others, D.C. Water, Montgomery County Department of Environmental Protection, and the Alice Ferguson Foundation. EPA is currently working to review and analyze the wealth of data in preparation for continued coordination with the jurisdictions.
