EPA letter to USCG LOOP Air and Water BJ DRAFT.docx

Here are my comments. I think this should be going to DOT based on our last call.

Subject: EPA draft response letter to Coast Guard for LOOP

All,

Based on the input we received from our Division Directors, I have attached a first draft of a response letter to Coast Guard based on a letter Rob sent on another project. Please review very closely to see what edits need to be made for your media area based on our current understandings. Bruce, I have left a place holder for you to add in something to respond to the Squire Patton Boggs memorandum. If David Garcia is still planning to target this week to brief the RA, lets target having this letter in a draft form by the end of this week in anticipation of David G/Wren telling us to send the letter. Please let me know if this works for your schedules or if this will meet your milestones.

Thanks, Melanie

Melanie Magee
