Good morning and good talking with you this AM.

Our plans for both Lowerline and Muskogee are as follows (minor change, which shouldn't be a burden):

- Wednesday July 17 – I'm planning to drive down to NOLA, with a stop-over in Baton Rouge, to pick-up the rad buggy and load it into the GOV cargo van
- Thursday July 18 – complete the scanning of Lowerline Street
- Friday July 19 – work from hotel rooms/making sure all is good with our work
- Saturday July 20 - travel from NOLA to Muskogee, OK
- Monday July 22-26 – work at Fansteel

Contact for Fansteel
James Burgess
918-231-1867
james.burgess@fmri-inc.com

Thanks, and take care!

George, what do you know about this site and request? Do you have contacts for James and the rad guys?

We will have the Las Vegas guys come down to finish Lowerline and then the plan is to move to Muskogee. Can you talk to George brozowski and the Fansteel James to set up a time to run the buggies?
