Subject: Follow up to Meeting

Hi Nancy and Erik –thank you again for your time last Friday, it was greatly appreciated. I had a couple of follow up actions. Here are 2 of them – providing the entire paper (Executive Summary with Background points) and also the new study. I have attached the paper and here is the link to the new study we discussed. Below is the link to the new study. You also asked us about drinking water modeling and assessments. As I mentioned in our meeting, that is not something the OP Coalition is working on but CropLife America is and I have reached out to CLA to set up a call with the work team working that issue and that will occur in the next 10 days or so –so we will get back to you on that subject. Thanks very much again. Cindy
