I should have timing from OPA shortly and will circle back with that information.

OCSPP IO will also send the signed document to OGC.
Once Dana has made any edits, I think we need both OCSPP and OGC to ok that they have reviewed the final document and we are ok to send to Alex for signature.
We also need to all be on board as far as the time to post on the web and send the document out of the Agency, Kaythi – can you see if OPA has a preference.
Kaythi will give OPP the thumbs up on the web page and pre pub

Thanks Charlotte for the update. Should we all have a quick 10 minute caucus to talk through logistics today so everyone knows who's doing what?
I started the list below just to make sure we are covered – add if I missed anything:

- OGC or OCSPP will notify Dana, Wynne and Mark when they receive the Administrator edits
- Dana F will make electronic edits to the FR; Dana will notify Angela, Wynne, Charlotte when she is all done.
- Once FR is ready for signature, the OCSPP IO will obtain Alex's signature
- Once Alex signs, the OCSPP IO will notify or send the signed FR to Dana/Wynne/Greg
- OCSPP (Kaythi/Charlotte?) will also give OPP (Greg/Dana/Wynne) the thumbs up to update webpage and post pre-pub copy
- Preparation for publication in the FR (Typesetting request, etc) – (Dana working with RCS)

I have not heard anything other than 'this morning'. Perhaps he will give the comments to Matt following the 8:30.

I requested access and am awaiting approval.

Charlotte, do you know if the Administrator was given a time frame today to provide his input?

Mark

Dana/Mark – Can you take a look to make sure that you have access and if you have any questions for Angela on how to make edits.
Thanks!
Charlotte

We are going to run this through our system steps, but I wanted you both to have the link to the Word document that needs to be used to make edits: Click here

Share with whoever needs it and then let us know (including those copied on this) when it is ready to go to Alex for signature, or if you have any questions.

BTW – In addition to the change we discussed yesterday, I made a lot of corrections. Sandra is going to do one final run through this morning. I will prepare a redline and post it as soon as I can, but wanted to get this link out. If every change is made to this version I will also do a final run through once we know the editing is done to see if we need to make conforming changes to any new text.
