Subject: Cross-cutter slide question for RA LOOP presentation

Tina, I am working to clean-up a few edits before I send around the draft RA briefing presentation for LOOP. Does this look better? Have I captured the table headings correctly? What do I say about who is required to meeting obligations under the Marine Mammal? EPA, CWA and CAA? I am open to any and all suggestions. Thanks!

CAA, Class I Impacts	EPA, CAA (EPA & DOI/NPS)
