Subject: MPM- Settlement Stipulation and Civil side letter

Good morning Scott. Attached are the settlement stipulation with comments, a "clean copy" of the stipulation and the side letter addressing individual liability and potential liability for GE's conduct. Please let me know if MPM is willing to sign the stipulation. A draft press release includes the following language: *"After DEC began investigating issues concerning the rotary kiln incinerator, MPM disclosed the extent to which its employees were improperly overriding the incinerator's automatic waste feed cut-off system while feeding hazardous waste into the incinerator. Throughout the investigation, MPM cooperated with the United States."* I'd like to get this matter completed sometime this week if possible. Thank you.
