Gary,

That all sounds fine to me.

Thanks again,
Kyle

Kyle:

It was great talking to you on the phone. I will make a concerted effort to complete the questionnaire. Once it is complete, my management has to review it and then it will be sent to you.

As far as the QEM, I was able to convince my management that 3 PM on the 9th will work. They told me that it would be good if the call only lasted 45 minutes. If that's OK with you, I will send you a number to call us.

Gary

Hi Gary,

It was great to touch base with you the other day. I'm looking forward to working with you and learning more about MD's agriculture programs.

Based on our discussion, EPA has agreed to extend the deadline for submission of the Ag. assessment survey until Friday, January 30, 2015. Please do everything you can to provide EPA with this information in order for us to meet our commitment to finalize the assessment this year.

For the CAFO QEM, please let me know if either of the following days work for you and your staff: 2/9 (am or pm) or 2/12 (am or pm).

If you have any question, feel free to call.

Sincerely,

Kyle
