Adding Desean as well. I would like to propose to Andrew Goff that we go forward with the existing Draft informal Resolution Agreement with some added contingency language to cover the addition of staff per a reorganization. I have added a footnote in red for folks to consider. I though footnote was better than putting it in the body of the agreement. I'd like to share it with him Wednesday morning (our time) when I return from work travel so that he can have a day to consider it. Please let me know what you think. Thanks! Lilian

Great – maybe we could send ADC an updated draft prior to our call?
