Brittany, I can certainly make time for a call--let me know your availability. Also, unfortunately Ex. 6 Personal Privacy (PP) Ex. 6 Personal Privacy (PP) informed me she can't speak with EPA, however I'm in the process of trying to substitute another witness.

Hi Paul,

I would like to touch base with you this week to provide you with an update. We conducted a conference call with the recipients' representatives late last week to provide them with a similar introductory overview of the case resolution process as addressed in the Case Resolution Manual. During that conversation we were asked by the Hawaii Department of Agriculture to confirm whether you have any detailed maps that would allow them to identify the specific properties at issue in both Kaua'i and Moloka'i? I understand that you provided a few maps in the administrative complaint, but is there anything additional or more specific by which I can provide them with a response?

In addition, please let me know if you have any availability for me to give you a call this week. Thank you!
