redacted to remove non-responsive information

Dear Mr. Wachsmuth:

Thank you for your prompt response to our request for clarification of your status in the Federal Resource Conservation and Recovery Act (RCRA) program.

Based on your documentation and our review of the records, including your notification forms, we are changing the status of these facilities to generators under the Federal RCRA system.

If any of the facilities should undergo a process change or if you do not understand the requirements placed on generators, please feel free to contact Mrs. Betti Harris of my staff. She can be reached at 816-374-6534.

The action described in this letter pertains only to the Federal RCRA system and does not dismiss you from compliance with the Missouri Solid and Hazardous Waste Laws and Regulations, 260.200 - 260.240 RSMo and 260.350 - 260.430 RSMo respectively. If you have any questions concerning this, please contact the Waste Management Program of the Missouri Department of Natural Resources at 314-751-3241.

Sincerely yours,

Robert L. Morby
Chief, Waste Management Branch
Air and Waste Management Division
