Dear Ms. Powell-Dickson,

I'm writing to see if there has been any movement on the captioned request. EDF is highly interested in the hard copies of reports that were mailed to the regions, as well as any information regarding any CBI materials connected with the WebFire submissions. The next round of annual reports were due on 10/30/19 and we'd like to try to figure out how to move forward with obtaining these documents, so that obtaining the next round of reports is more straightforward. We also look forward to receiving any communications as described in our request letter and as revised by previous email agreement (searching for some words in proximity to OOOOa).

I wonder if it would help to have a call to discuss any outstanding issues preventing this request from moving forward. Please let me know if you think that would be helpful or if you have any update as to the status of this request.

Thank you,

Jessica Christy
